### Answer the Following Questions at a Company Level

Question	Answer	Comments
A. Have you established a responsible minerals sourcing policy?	No	Raw steel we purchase does not does not have the three T and G. When Tin shows up on the chemical certification, it is a byproduct of the scrap material used to make the steel. There is no way to trace the source of this. If in cert. the amounts are very miniscule.
B. Is your responsible minerals sourcing policy publicly available on your website? (Note – If yes, the user shall specify the URL in the comment field.)	No	
C. Do you require your direct suppliers to source the 3TG from smelters whose due diligence practices have been validated by an independent third party audit program?	No	
D. Have you implemented due diligence measures for responsible sourcing?	No	
E. Does your company conduct Conflict Minerals survey(s) of your relevant supplier(s)?	No	
F. Do you review due diligence information received from your suppliers against your company's expectations?	No	
G. Does your review process include corrective action management?	No	
H. Is your company required to file an annual conflict minerals disclosure?	No
