

ISO 9001:2015 Certified

January 2, 2024

To our valued customers:

This is to certify that Mercury was not used as a processing agent in any phase of the material produced by Lapham-Hickey Steel.

Lapham-Hickey also certifies that Mercury will not be used as a processing agent in any future orders.

Raw steel purchased from our mills does not contain Mercury.

A handwritten signature in blue ink, appearing to read "Richard Hinton", is written over a horizontal line.

**Richard Hinton
Corporate Quality Director
