

ISO 9001:2015 Certified

February 4, 2026

To our valued customers:

This letter shall be used as certification that material supplied by Lapham-Hickey Steel does not contain any chemicals as listed on REACH/EU Directive 1907/2006, from the Annex 17 list for REACH. This includes the 253 chemicals published as of February 4, 2026.

The carbon steel that LHS reshapes for you, our customer, is supplied by multiple mills that manufacture the raw steel coils. It is within our requirements to these suppliers that they have to comply with the REACH, RoHS3 and Conflict Material regulations in place globally.

**No product supplied to you contains any "Substances of Very High Concern" (SVHCs) from published ECHA Source:
